

RYAN LEWANDOWSKI

DeForest, WI | github.com/ryanlew02 | ryanlewan.com | linkedin.com/in/ryanlewan

EDUCATION

Southern New Hampshire University — B.S. Software Engineering
GPA: 4.0

Expected May 2028

TECHNICAL SKILLS

Languages: Java, Python, C++, JavaScript / TypeScript, Swift, SQL, HTML & CSS

Frameworks & Tools: React / React Native, Next.js, SwiftUI, Node.js, Supabase (PostgreSQL), Git, Docker, Vercel

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, REST APIs, Relational Databases, Modular Design

PROJECTS

HalfLight — AI Dream Analyzing and Sharing App

Swift / SwiftUI, Next.js, TypeScript, Supabase (PostgreSQL)

- Own the end-to-end development of a cross-platform dream journaling app for iOS and web as a solo developer, from PostgreSQL data modeling and application architecture through UI implementation.
- Implemented semantic search over journal entries using on-device embeddings with Apple's NaturalLanguage framework, enabling private, offline-capable natural-language retrieval.
- Built a personalized feed-ranking algorithm combining interest matching, freshness decay, and Bayesian smoothing to improve recommendations for low-data cold-start entries.

DivergeOS — Browser-Based Operating System Simulator

React, TypeScript, Zustand, Vite

- Built a browser-based desktop environment with a custom window manager supporting draggable, resizable, layered application windows.
- Architected centralized state with Zustand to coordinate application processes, window focus, and a simulated file system across the UI.

Inner City — Gamified Habit Tracker

- Developed a habit-tracking application that converts daily consistency into game-style progression to reinforce long-term behavior change.

EXPERIENCE

NORD Gear Corporation — *Data Entry / Customer Service*
Waunakee, WI

June 2026 – Present

- Enter and verify customer orders in a high-volume manufacturing environment, maintaining accuracy across pricing, part numbers, account data, and shipping details.
- Coordinate with customers and internal teams to resolve order status, lead-time, and shipping issues while keeping orders moving accurately and on schedule.

BeMobile (Verizon Premium Retailer) — *Sales Partner*
La Crosse, WI

February 2024 – May 2026

- Selected for a leadership development program after ranking in the top 20% of sales consultants for six consecutive months.
- Managed the full consultative sales cycle for wireless devices and service plans while consistently meeting monthly performance targets.
- Resolved customer account, billing, device setup, and technical issues in a high-traffic retail environment.
